

PRAISE: An Overview

**Preventing Road Accidents and Injuries
for the Safety of Employees**

Introduction to ETSC

A science-based approach to road safety policy

- **42 organisations** from across Europe under one unique umbrella promoting science-based transport safety measures at EU level
- More than **200 experts** contributing to ETSC's Reviews, Policy Papers, Newsletters, Positions, Lectures, Press Releases, Year Books, etc.
- The European Commission, member organisations, member states and corporate sponsors are funding our work

Roads to Respect: Infrastructure Safety

PRAISE

Preventing Road Accidents and Injuries for the Safety of Employees

Aims:

- To advance the knowledge of the need for work-related Road Safety Management.
- Expose the work-related road safety standards of EU Member States and carry out advocacy work at the EU level.

Scope of the Problem?

- *It is estimated that in Europe **six out of ten work accidents resulting in death are road crashes, including both crashes while driving for work and commuting crashes.** (Eurogip)*
- *It is estimated that **40% of all road crashes involve people 'on duty' and people driving to work or returning from work.** (ORSA)*

Deliverables

- Thematic Reports
- Fact Sheets
- Awards
- Brunches
- Country Seminars
- Advocacy

Thematic Reports: Topics

- In-Vehicle Technologies
- Driver Training
- Working on the Roads EU Regulations
- Fitness to Drive
- Dangerous Good Transportation
- 'Moving Office'
- Speed Management
- Intelligent Commuting
- Developing road safety management programmes: ISO Standard Road Safety Management System

Fact Sheets: Success Stories

- Case Study of a company/ organisation
- Interview with CEO
- Lessons Learnt
- Link to thematic reports

PRAISE Award

- Annual Award to one employer for outstanding contribution in the field of work related road safety.

PRAISE Brunch

- Roundtable Debate
- Press Work
- Launch of the three thematic reports of that year
- Presenting of the award
